

Canadian Law and Society Association 2012 Annual Meeting

Crossroads: Scholarship for an Uncertain World

81st Congress of the Humanities and Social
Sciences

Call for Papers

The program committee of the Canadian Law and Society Association invites submissions for the Congress of the Humanities and Social Sciences to be held at the University of Waterloo and Wilfrid Laurier University in Waterloo, Ontario. The theme of Congress 2012, Crossroads: Scholarship for an Uncertain World is an opportunity for socio-legal scholars to explore law's place in the contingencies of world events, past, present and future. We welcome proposals for papers in any area of law and society scholarship. We encourage participants to submit suggestions for complete panels and roundtables but also welcome individual submissions. Graduate student events and workshops will be an integral part of CLSA 2012.

We are open to having a number of panels that focus on particular themes, such as critical criminology, gender & sexuality and indigenous legal knowledge. As well, we are attempting some measure of coordination between our meeting and those of the Canadian Sociological Association and the Canadian Historical Association, so if you are planning to participate in or even just attend either of those meetings, please do feel free indicate that on your submission.
